

The Invicta Grammar School shoe guidelines are designed to ensure that our students are wearing footwear suitable for the everyday wear and tear of school life. The guidelines try and avoid trend led footwear in order to reduce the complications of peer pressure. Ultimately we would like to teach our students to dress smartly and take pride in their appearance, with the intention of creating a more studious classroom environment.

## Making your shoes last longer

When getting your shoes professionally fitted, your trained fitter will inform you about the best products and practices to help keep your shoes looking as good as new. Looking after your shoes not only makes them shine but prolongs their lifespan by resisting scuffing, repelling water and nourishing the leather.

## Why are fitted shoes important?

Looking after your child's feet is fundamental to the healthy development of their entire body. The selected styles are made from premium materials and components to ensure breathability and durability and, in turn, longevity. When your children's shoes are professionally fitted, it ensures that their feet have plenty of room to move and grow, while offering the support and comfort your child's feet require.
